

# 2<sup>nd</sup> International Workshop on Translational Cancer Research

Palma | Mallorca | Spain

Thursday, October 21st, 2021

10:00 - 10:15 **Inauguration:**

**Josefa Terrassa**  
(Hospital Universitari Son Espases)

## Session on Computational Biology

Moderator: Diego Marzese (IdISBa, Spain)

10:15 - 11:00 **Xavier Solé**  
(Institut Català d'Oncologia, Spain)  
*Beyond genomics: Harnessing bioinformatics for transcriptomics-based precision oncology*

11:00-11:30 **Anna Babayan**  
(Cancer Research, UK)  
*Multiomics in cancer*

11:30-12:00 Coffee Break

12:00-12:45 **Short Oral communications**  
- Dueñas M et al. CIEMAT, Madrid  
- Rubio-Tomás T et al. IDIBAPS, Barcelona

12:45-14:00 Poster Viewing/Lunch Break

## Session on Medical Oncology

Moderator: Antònia Obrador (IdISBa, Spain)

14:00-15:00 **Javier Cortés**  
(International Breast Cancer Center, Spain)  
*The role of immunotherapy in Triple-Negative Breast Cancer*

15:00-16:00 **Maggie DiNome**  
(Duke University, USA)  
*Evolving management of the axilla in breast cancer patients with clinically positive nodes*

16:00-17:00 **Christian Rolfo**  
(Mount Sinai, USA)  
*Liquid biopsy in Lung Cancer: from translational to clinical application*

Friday, October 22nd, 2021

## Session on Cancer Biology

Moderator: Gwendolyn Barceló (IdISBa, Spain)

9:30 - 10:30 **Biola Javierre**  
(Institut de la Recerca Contra la Leucèmia Josep Carreras, Spain)  
*Spatial-temporal genome architecture: understanding the contribution of non-coding variants to disease development*

10:30-11:30 **Marisol Soengas**  
(Centro Nacional de Investigaciones Oncológicas, Spain)  
*Identifying and targeting immune suppressors in melanoma*

11:30-12:00 Coffee Break

12:00-13:00 **Francisco Real**  
(Centro Nacional de Investigaciones Oncológicas, Spain)  
*Molecular pathways involved in the early steps of pancreatic cancer development: inflammation and ER stress*

13:00-14:00 Poster Viewing/Lunch Break

14:00-14:20 **José Reyes Moreno**  
(Asociación Española Contra el Cáncer) AECC & Science

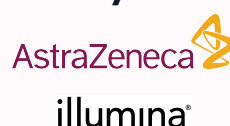

14:20-15:45 **Short Oral communications**  
- Bueno Costa A et al. IJC, Badalona  
- Ferro Sánchez L et al. IdISBa/UIB, Palma  
- Martínez Fernández M et al. IISGS, Vigo  
- Masuelli S et al. IHEM, Mendoza

15:45-16:30 **Theo Knijnenburg**  
(Allen Institute for Cell Science, USA)  
*Building a framework to study intracellular organization of the healthy and diseased cell at the Allen Institute for Cell Science*

16:30 -16:45 **Concluding remarks:**  
**Miquel Fiol**  
(IdISBa, Spain)
