If your organisation has previously participated in Erasmus+ with a PIC number, an OID has been assigned to it automatically. In that case, you must not register your organisation again. Follow this link to find the OID that has been assigned to your PIC: [Organisation Registration System](#)

You can also visit the same page to register a new organisation that never had a PIC or an OID, or to update existing information about your organisation.

Quality Standards

Organisations implementing mobility activities must adhere to a common set of Erasmus quality standards. The standards exist to ensure good mobility experience and learning outcomes for all participants, and to make sure that all organisations receiving the Programme's funding are contributing to its objectives. In a mobility consortium, Erasmus quality standards apply to activities implemented by all beneficiary organisations: the coordinator and the consortium members.

The Erasmus quality standards are part of the Erasmus+ call for Key Action 1 projects. They are also presented below so you can read and easily access them again while writing your application. Where needed, appropriate application of Erasmus quality standards in the national context will be further interpreted by the relevant National Agency.

Please carefully read the Erasmus quality standards presented below and confirm your agreement.
